STAFF TEMPERATURE LOG

Employee ID	Date and Time	Equipment (digital, infrared)	Route (forehead, under tongue)	Temperature	Report of respiratory and other symptoms, or potential exposure to COVID-19?	Corrective Action(s)	Notes	Recorded By

Temperatures should be measured at the same time each day.

Wait 30 minutes after eating, drinking, or exercising before measuring temperatures. Wait at least six hours after taking medicines that can affect temperature measurements (e.g. ibuprofen, acetaminophen, and aspirin).

If temperature is above 100.4˚F, notify _____ immediately.
