2011 Primary Care (74)	767		752		98%			
2011 Non-Primary Care (150)	826		767		93%			

The San Francisco matching program coordinates matches for neurotology, ophthalmology, & most plastic surgery residencies and the American Urological Association coordinates matches for urology residencies and therefore are not included in this NRMP report.

Physicians who matched to multiple years of GME may be counted more than once in tabulations.

N/A = Either not available or applicable.

Fill rates include both PGY-1 and PGY-2 positions.

Percentages have been rounded up.
