

CHALLENGES

The Physicians Foundation identified **5 key challenges** that will have a major effect on you, and on your ability to deliver the professional, high-quality, compassionate care for which you're trained as a physician.

Challenge #1

Consolidation and "monopolization" of the medical marketplace.

TMA is your *LIFELINE*.

Challenge #2

Growing administrative and regulatory burdens.

RESOURCES to help you cope.

Challenge #3

Confusion about the ACA and health insurance exchanges.

ANSWERS to your pressing questions.

Challenge #4

Overcoming health information technology shortfalls.

Tools to help you *NAVIGATE*.

Challenge #5

Health system stalemates.

TMA is your *ADVOCATE*.

SOLUTIONS

TMA is here to respond to the challenges you face with real solutions that can help you focus on what matters: **the care of your patients.**
