

Record Demographics

Objective – Record all of the following demographics:

- Primary Language
- Sex
- Race
- Ethnicity
- Date of Birth

Measure – **More than 50%** of all unique patients seen by the EP have all 5 of these elements of demographic data recorded.

‘How To’ in **PrimeSUITE 2011** - All of these demographics are captured on the Registration Information page.

The screenshot shows the 'Demographic Information' section of the PrimeSUITE 2011 software. The patient ID is 24533. The form includes the following fields and values:
