

Lab-Test Results into PrimeSUITE 2011

Objective – Incorporate clinical lab-test results into **PrimeSUITE 2011** as structured data.

Measure – **More than 40%** of all clinical lab test results ordered by the EP during the EHR reporting period whose results are *either* in a **positive/negative** or **numerical** format are incorporated in **PrimeSUITE 2011** as structured data (data that can be shared electronically).

'How-To' in PrimeSUITE 2011 – For laboratory orders where an expected result is **positive/negative** or **numerical**, make sure that you are either manually entering the results into **PrimeSUITE 2011** Flowsheets or receiving electronic lab results through **PrimeEXCHANGE**.

The screenshot shows the PrimeSUITE 2011 interface for a patient named Tara L. Gober. The 'Flowsheets' section is highlighted with a yellow box, showing 'OB Lab Flowsheet' and 'Custom OB Lab Flowsheet' options. Other sections include Visit History, Past Medical History, Vital Signs, Medication List, and Allergy Shot Record.

Date	Provider	Primary Diagnosis	Quality
12/01/2010	Howerton
