

Core Objective 1

Computerized physician order entry (CPOE) of medications - **170.304(a)**

More than 30% of unique patients with at least one medication in their medication list seen by the EP have at least one medication order entered using CPOE

eClinicalWorks uses the integrated Medi-Span® database for the selection and order entry of medications. Medications ordered are added to the current medication list automatically.

The screenshot displays the 'Manage Orders' window with the following components:

- Medication Summary:** Includes 'ASSESSMENTS' with '493.90 Asthma, unspeci' and 'N/A Other'.
- Add New Rx:** Search for 'Symbicort' results in a table:

Di	Strength	Form.	Take	Route	Freq.	Duration	Disp.	Refill	AWP(\$)
D	80-4.5 MCG/ACI	Aerosol	2 puffs	Inhalation	Twice a day				
D	160-4.5 MCG/AC	Aerosol	2 puffs	Inhalation	Twice a day				
- Generic Equivalent:** Budesonide-Formoterol Fumarate.
- Selected Rx:**

493.90	Asthma, unspecified, unspecified status	Stop Date
Start -	Albuterol 0.083%	08/08/2012
N/A	Other	Stop Date
