

### Core Objective 3

Generate and transmit permissible prescriptions electronically (eRx). - **170.304(b)**

More than 40% of all permissible prescriptions written by the EP are transmitted electronically

eClinicalWorks is a Surescripts Solution provider. e-Prescriptions can be sent to participating retail and mail order pharmacies directly from within the application for authorized medications.

The screenshot shows the 'ePrescribe Rx' window with the following fields and options:
