## CART SERVICE FOR PRIVATELY OWNED VEHICLES (POVs) \$103.10 PER TRIP

**CART SERVICE** is a feature for Privately Owned Vehicles. Workers equipped with a 3' x 4' flat cart will assist Exhibitors with unloading for a maximum of one cart load per vehicle. One cart load consists of 8 pieces or less weighing 250 lbs or less.

### **CART SERVICE IS:**

- \* Aimed at exhibitors requiring minimal assistance to move-in and move-out.
- \* Intended to allocate valuable loading space and provide cost-effective labor crews during the move-in and move-out process.
- \* Intended as an integral part of an overall plan to minimize disruptions to the ongoing movement of forklift, crates and other large exhibit materials during the move-in and move-out process.

### **A PRIVATELY OWNED VEHICLE (POV):**

- \* **IS** a vehicle primarily designed for passenger use such as a car, pickup, small mini-van or SUV.
- \* **IS NOT** a closed body truck with dual wheels.
- \* **IS NOT** a truck, utility van, or trailer pulled by another vehicle. Personal vans filled with exhibit materials will be required to utilize material handling services provided by Freeman.
- \* **CAN BE** unloaded/loaded by hand or an apparel rack. Wheeled carts are not permitted.

**Exhibitors who require more than 30 minutes to unload or the use of equipment to unload must use material handling services.** Any vehicle left unattended in the loading dock area will be towed at the owner's expense.

The determination of Cart Service vs. Material Handling will be made at the discretion of management. Any disputes will be handled at the time of unloading.

**LOCATION:** Arrangements for Cart Service should be made on site upon arrival for move-in at the Henry B. Gonzalez Convention Center. Freeman will have personnel stationed to provide guidance. **POV's should not check in at the Marshalling Yard.**

Exhibitors are required to carry all-rise floater insurance covering their product and exhibit materials against damage, loss and other hazards. The coverage should start when the product and exhibit material leaves your place of business and end when it is returned to your facility after the show. This generally can be done by adding "riders" to existing insurance policies, often at no additional cost.
