Patients' Right to Know

You have a right to know:

- ✓ **What's covered in your insurance**
- ✓ **Which doctors and hospitals are in your network**
- ✓ **How much extra you will have to pay for health care services**
- ✓ **Why your premiums keep going up**

That is why the Texas Medical Association is asking legislators to pass the 2009 Health Insurance Code of Conduct bill.

The bill and others will hold big health insurance companies accountable for the promises they make to the Texans who buy their products.
