2012 Primary Care (75)	768		756		98%			
2012 Non-Primary Care (166)	868		826		95%			

In addition, the San Francisco Matching Program coordinates matches for neurotology, ophthalmology & most plastic surgery residencies and American Urological Association coordinates matches for urology residencies. Fill rates include both PGY-1 and PGY-2 positions. Physicians who matched to multiple years of GME may be counted more than once in tabulations. N/A = Not applicable. Percentages have been rounded. Arrows denote net changes from prior year.
