

Now more than 50,000 members strong, TMA is educating, serving, and advocating for more Texas physicians than ever before.

Victories

Helped win extensive changes to proposed MACRA rule, with 34 TMA suggestions completely or partially accepted

145 of 148 TEXPAC-endorsed candidates (98 percent) won in the general election during the 2016 cycle

Elected two new physician-legislators, defeated an anti-medicine incumbent, and prevented several other anti-medicine candidates from winning office

After five-year battle, obtained court ruling prohibiting chiropractors from performing vestibular-ocular-nystagmus testing and diagnosing or treating neurological disorders

Helped convince a Houston probate judge to reconsider ruling that DOs don't have legal authority to issue certificates of medical examination

Met membership retention goal of 95 percent

Developed and launched five new practice management consulting services: online visibility assessment, compliance gap analysis, direct primary care support, MACRA readiness, and patient-centered medical home recognition services
