

## *Banners! We have banners*

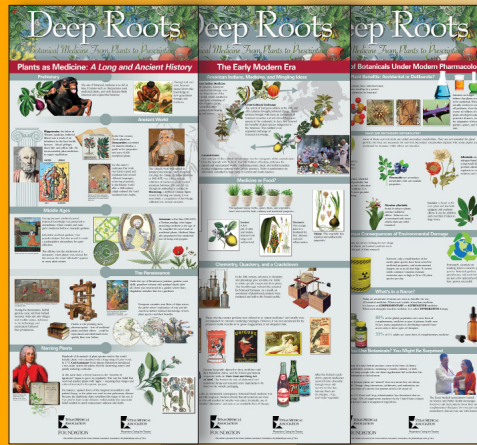

A generous grant from the Texas Medical Association Foundation has allowed TMA to reproduce several prior exhibits in the TMA History of Medicine Gallery in Austin as traveling banner displays.

Four titles are available featuring vinyl roll-up displays with stands. They are lightweight and take just minutes to set up.

Display a banner series at your next clinic or community event. Call the TMA Knowledge Center at (512) 370-1552, or contact [nancy.semin@texmed.org](mailto:nancy.semin@texmed.org) to reserve at no cost to you.

Physicians Caring for Texans

### **Deep Roots**

From Plants to Prescriptions is a three-banner series providing a fascinating history of botanical medicine from its earliest origins to its modern-day applications in the pharmaceutical industry.

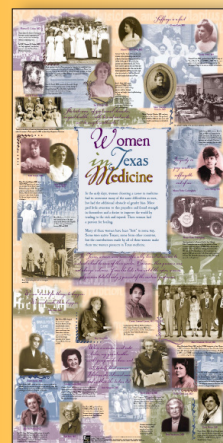

### **Stamping Out Disease**

is a three-banner series documenting the efforts to understand infectious disease and the triumphs in vaccination history.

### **Courage and Determination**

A History of African American Physicians in Medicine is a three-banner series highlighting the accomplishments of black doctors from ancient Africa to Texas.

### **Women in Texas Medicine**

is a single banner about groundbreaking accomplishments of women physicians.
