2023 FIRST TUESDAYS AT THE CAPITOL

Legislators need to hear from you – their physician, medical student, and alliance constituents – to understand how proposed legislation can potentially impact the practice of medicine in Texas.

Attend TMA’s First Tuesdays and learn how to:

• Become well-versed on the issues facing medicine this session.
• Inform your senator, representative, and their staff about these issues.
• Learn other important steps you can take to educate your legislators.

Register today for First Tuesdays at texmed.org/FirstTuesdays.

FEB. 7 | MARCH 7 | APRIL 4 | MAY 2

Hotel booking links coming soon.

5 STEPS YOU CAN TAKE TO PREPARE FOR FIRST TUESDAYS

1. Know who represents you (wrm.capitol.texas.gov/home) and add your legislator’s office contact information to your phone for easy use during the legislative session. Newly elected freshmen legislators will need to be contacted through their campaign websites until they are officially sworn in on Jan. 10, 2023.

2. Follow TMA and your lawmakers on social media.

3. Download the VoterVoice app so you can respond to Action Alerts to impact time-sensitive legislation right from your phone. Look for the VoterVoice icon in the app store.

4. Bookmark these two TMA advocacy webpages for easy reference during session.
   - Texmed.org/Advocacy Learn about TMA’s advocacy efforts, including federal initiatives.
   - Texmed.org/Legislature Follow medicine’s progress and actions during the legislative session.

5. Check the Texmed.org/FirstTuesdays and stay in contact with your county medical society for important First Tuesdays information.
