MAKE THE MOVE TO VALUE-BASED CARE

TMA's Medicare Access and CHIP Reauthorization Act (MACRA) and Quality Care resource centers can help you identify savings for your practice and build stronger clinical outcomes.

TMA MACRA AND QUALITY CARE SERVICES

MACRA READINESS ASSESSMENT*
Identifies clinical processes, electronic health record (EHR) optimizations, and workflow improvement opportunities that impact Merit-Based Incentive Payment System (MIPS) scoring.

EHR COMPARISON TOOL*
Compares the top nine EHR providers to help physicians select the best vendor for their practice.

PATIENT CENTERED MEDICAL HOME (PCMH) RECOGNITION SERVICES*
Provides personalized guidance in attaining practice recognition as a PCMH to improve patient outcomes.

PHYSICIAN RANKING TOOLKIT
Helps challenge unfair insurance company rankings and tierings.

QUALITY PAYMENT PROGRAM (QPP) INITIATIVES
Incorporates FAQs and comprehensive educational tools to help navigate MACRA QPP rules.

CONTINUING MEDICAL EDUCATION (CME) PROGRAMMING*
Educates physicians on patient engagement, quality and patient safety, and best practices to reduce errors. Visit texmed.org/Education for free, online courses including:
- Coordination of Care Through Patient Engagement
- Quality and Safety In an Era of EHRs: Parts One and Two
- Patient Safety and Medical Errors

TMA PracticeEdge
Supports practices in joining or starting an accountable care organization to take advantage of Medicare Shared Savings and commercial value-based care while remaining independent.

TMA Specialty Services
Helps independent specialists maintain their autonomy by participating in value-based delivery and payment models, with support from a customized data warehouse with analytics solutions and benchmarking.

*Discounted or accessible to TMA members only
