

Get Technology Help Online From TMA

Find the tools and resources you need to tackle the challenges of health information technology (HIT) on the TMA website. Get help with selecting an electronic health record (EHR), incentive programs, e-prescribing, and more.

EHR Product Evaluation Tool

Side-by-side comparison of the most-used EHRs in Texas by functionality and pricing.

www.texmed.org/EHRTool

MACRA Resource Center

Information about Medicare Access and CHIP Reauthorization Act (MACRA) participation, program resources, latest news, and continuing medical education (CME).

www.texmed.org/MACRA

“EHR Buyer Beware” (white paper)

Discusses eight important contract terms to consider before signing an EHR contract.

www.texmed.org/BuyerBeware

Health Information Technology Education

Seminars, webinars, and publications that cover HIT-related topics and offer CME credits.

www.texmed.org/HITEducation

Health Information Exchange (HIE) Resource Center

Information about the HIEs in Texas, including questions to ask the HIEs, HIE news, and related links.

www.texmed.org/HIE

The screenshot shows the Texas Medical Association website. At the top, there is a navigation bar with links for "Find a Physician", "Get Involved", "Contact Us", and a search box. The TMA logo is prominently displayed. Below the navigation bar, there is a menu with categories: "Physician Advocacy", "Practice Help", "CME", "Membership", "Public Health", "Events", and "About TMA". The main content area is titled "Health Information Technology" and features a sub-section "HIT Tools and Resources at Your Fingertips" with a "Meaningful Use" link. A photo of two healthcare professionals is shown. To the right, there is a "HIT Subtopics" list including "MACRA / Advancing Care Information", "Meaningful Use", "Health Information Exchanges", "Electronic Health Records", "E-Prescribing", "Ransomware and Cyber Security", and "HIPAA Privacy and Security". A blue banner at the bottom of the screenshot reads "Links to these tools are at www.texmed.org/HIT."

Ransomware and Cyber Security Resource Center

Information about how to mitigate risk and respond appropriately if you experience a breach or ransomware demand.

www.texmed.org/CyberSecurity

E-Prescribing Resource Center

Information about the basics and benefits of e-prescribing, how it applies to controlled substances, and more.

www.texmed.org/E-Prescribe

EHR Incentive Program Resource Center

Details and instruction sheets for the Medicaid EHR incentive program.

www.texmed.org/EHRIncentive
