A Quick Survey for Walkers
During National chronic obstructive pulmonary disease (COPD) Awareness Month, we are assessing our educational impact. Please take a few minutes to answer the following questions.

Did you know that an estimated 1.1 million Texas adults suffer from COPD? Walk With a Doc helps prevent COPD one step at a time.

1. Do you or someone you know suffer from COPD? (circle one) Yes  No
2. How likely are you to share the information you learned about today with a family member, friend, or colleague? (circle one) Very likely  Somewhat likely  Not at all likely
3. If you don’t currently have COPD, how likely are you to use this information to prevent COPD? (circle one) Very likely  Somewhat likely  Not at all likely
4. If likely, what changes would you make?____________________________________________
5. Is this the first time you have received information about COPD? (circle one) Yes  No  Not Sure
6. Did you learn something new about preventing COPD? (circle one) Yes  No
   If yes, what did you learn?__________________________________________________________

Thanks for your time and for participating in Walk With a Doc Texas.

WWAD Texas is funded by a grant from TMA Foundation with major support from BCBSTX, TMAIT, and Prudential.
