

# TEXAS COLLEGE OF EMERGENCY PHYSICIANS GUIDELINES FOR RECOGNIZING PROGRAM DONORS

The Texas Medical Association Foundation is able to fund TMA's Hard Hats for Little Heads program in 2020 thanks to a donation from an anonymous physician and spouse, and donors who matched their generous gift.

Texas College of Emergency Physicians members who participate in TMA's program are asked to recognize TMA Foundation and Hard Hats for Little Heads program funders in publicity and other promotional materials. Use this wording in printed materials or other promotional copy to properly credit the program:

Texas Medical Association's Hard Hats for Little Heads program promotes exercise and teaches children and their parents about the importance of wearing a helmet when bicycling, in-line skating, skateboarding, and when riding scooters.

The Texas College of Emergency Physicians (TCEP) provided funding for this giveaway, which is sponsored by a TCEP member. TCEP's support helps its members encourage health and safety in more communities across Texas through Hard Hats for Little Heads.

Hard Hats for Little Heads is supported in 2020 with a TMA Foundation grant thanks to a donation from an anonymous physician and spouse, and donors who matched their generous gift.

## Questions?

Contact: Tammy Wishard, Texas Medical Association outreach coordinator,
